

1. Sunday P.M.

Dear Sam & Cecil;

Well here I am with another half page. How are you and the kids? What's new back home. Gee but I would like to get to see you folks again. I hope I get shipped close to home if I go to radio school. There is a school in Atlantic City. But, then again the largest ones are in Chicago and St Louis. It won't be too bad though being so close to a big town.

I received their recommendation today and they are very good. I would like to write to them and thank them. But, you know how I write letters. So, you thank them for me. Will you?

I hope I can get all the papers straight before I ship out of here. If not, I will have to apply at my next field. I am going down tomorrow and see if I can go through without my birth certificate. It may work.

I haven't heard from Ed in over a month. Have you? He must be having a heck of a time. I hope wish I was with him. From the looks of things it will be quite some time before I get

a chance though.

I'm going to quit now. I just spoke to one of the fellows and I think Fred is in the U. S. O. I don't know that is here tonight. So I am going over to see it. It may be here. I haven't heard from him in the past three months.

Tell of I wrote to you. I will try to write to him tomorrow.

Regards to all
