Dear Sam;

Now I know how Eddie felt when he first went up to Canada, I have been stationed here in Florida for five days and this is the sixth day and so far no mail from either you or pop. I did receive two letters though one from Treida and one from Bunny, but as for my own family——

How are you, Cecil and Arthur. I intend waiting untill tonight before writing to pop as I have to leave now. The only way I got to write this letter now was I got into my fatigues before the rest of the boys and I have about two minutes now.

I will write more as I get a chance.
Regards to all and kiss Arthur for me.

Love

Harry

P.S. If you write to me, disregard this but I feel awful bad now as all the

other fellows have already received ~~of~~
theirs

Harry

P.P.S. I didn't get a chance to mail this
letter when I wrote it I was called out
before I put it in an envelope. ~~It~~ The five
o'clock mail call is over with and still nothing

Harry.

P.P.P.S. Cecil should have time to write me a book

Harry
